6.2 If you wish to purchase a parking permit, please provide a copy of your APP to Transportation Services staff when making your request. A copy of the APP must be provided each year, at the time of permit renewal. Parking permit holders who have an APP may park in any available designated Barrier-Free parking spaces on University property with the exception of gated lots. If access is required for the 107 St. George Street garage, please contact Transportation Services at 416-978-7275. Any vehicle parked illegally in these specially designated spaces will be ticketed and/or towed.

07 Faculty/ Staff Permits

7.1 There are three types of Staff permits – reserved, lot reserved and unreserved. Reserved permit holders have the exclusive use of a designated space during normal Working Hours. Lot reserved permit holders park in a specified area, or lot, during Normal Working hours, but not in a specific space on the lot. However, lot reserved permit holders who must frequently move in and out of the parking lot during the day might occasionally find space unavailable. Unreserved permit holders may park in any St. George Campus unreserved parking lot. This type of permit is only available to current unreserved permit holders for renewal and new unreserved permits will not be issued under any circumstance.

Transportation Services reserves the right to alter the type of permit issued with reasonable notice to permit holders.

7.2 Parking permits are valid for a 12-month period from July 1st to June 30th.

7.3 During normal Working Hours (7:30 a.m. to 5:00 p.m. Weekdays), permit holders may only park in their assigned lot or reserved space. If the permit holder chooses to park in an area other than their assigned lot or space, where permitted, during normal Working Hours, payment must be made to cover the duration of their stay. Please refer to section 10 for payment details.

7.4 Outside of normal Working Hours, permit holders are entitled to use any available parking spaces, with the exception of 24-hr reserved spaces. During these hours, barcodes on the back of the permits will allow access to the gated 107 St. George Street Garage.

7.5 For Faculty/ Staff who obtain a permit for the 107 St. George Street garage, an access card will be issued, along with the permit, which will grant access to the facility. The garage’s entrance and exit is controlled by an automated gating system (Pay-on-foot). This access card must be used to enter and exit the facility. If the access card is forgotten, the permit holder must pay for parking at an Autopay station.

7.6 Parking permits must be displayed at all times including both normal working hours and other times. They must be clearly visible on the driver’s side dashboard of the vehicle.

7.7 In special cases, departmental permits are issued to departments for the use of their visitors within specified locations. In these cases, the departments in question are responsible for controlling and administering the use of the spaces by their visitors. It is imperative that visitors display either a permit or a departmental authorization (signed and dated black and white photocopy) and park only in the designated departmental areas.

7.8 Parking permits may be cancelled by a permit holder at any time. A cancellation form along with the permit must be received by the Transportation Services office on or before the last business day by the 7th of the month, in order to avoid the payment for that month. Please contact Transportation Services for details.

7.9 A telephone call or non-renewal of a permit is not sufficient to effect a cancellation. Payroll deductions will not be stopped, nor will any refunds of prepayments be authorized, until the permit has been received by the Transportation Services office. This applies to cancellations during the year, as well as non-renewals at the end of June.

7.10 A permit must be cancelled when University employment is terminated. A break in service extending beyond one month (other than for an approved leave-of-absence) is considered to be a termination. Please note that persons re-applying for a permit after cancellation must wait at least two months from the effective cancellation date to re-apply. Additionally, individuals are not guaranteed availability in their desired area.

7.11 In the case of permit car-pooling, each car-pool applicant must provide their personnel numbers and contact information in order to prove eligibility. Payments can only be made by the primary permit holder. Only one permit will be issued. There will be no exceptions made for cases in which the permit has been forgotten or left in another vehicle. If the permit is not displayed, the permit holder must ensure payment for day parking and where applicable, display appropriate proof of payment. Non-compliance will result in a Parking Violation Notice being issued to the vehicle. The primary permit holder is ultimately responsible for the proper use of the permit.

7.12 All Faculty/ Staff permits (including car-pool permits) can only have one primary permit holder. The primary permit holder must abide by the following regulations:

1) This person will be solely responsible for all payments for the permit. Financial responsibility for said payments cannot be transferred to another staff member for any reason. There are no exceptions.
2) Transferring an individual Faculty/Staff permit to another permit holder, or to a Faculty/Staff member without a permit, for any reason is strictly prohibited. There are no exceptions.

08 Student Permits

8.1 A limited number of Student permits are issued on a first-come-first-served basis to currently enrolled Students holding a valid TCard.

8.2 A Student sales schedule for the year is available online at transportation.utoronto.ca. In all cases, permit sales begin well in advance of the first of each month, and when renewing permits, students are expected to purchase their next permit before month end. Once a permit expires, if a new permit has not been purchased, the student must pay for daily parking or they will be ticketed and/or towed at the owner’s expense. There will be no reimbursements for daily parking when the new permit is purchased, nor can the daily parking fee be applied to the cost of the new permit.

8.3 The University of Toronto Transportation Services provides both surface and underground parking for students. Permits may be purchased monthly, or on a 4-month (September - December, January - April and/or May - August), or 8-month (September - April) period.

8.4 Underground parking is available in the garages located at: 107 St. George Street (below the Innis Residence/Rotman School of Management); the Graduate House Residence at 17 Glen Morris Street; and, O.I.S.E. at 71 Prince Arthur Avenue. Surface parking is available at 371 Bloor Street West behind University of Toronto Schools. Please note that this parking lot is unreserved, and may be at full capacity. During such instances, Student permit holders will have to wait until space becomes available.

8.5 Reserved permits are sold on a monthly basis only and are available at various locations throughout the campus. A Student may renew this permit only on the business day prior to the scheduled sales date (see section 8.2). All permits not renewed will be made available to all Students on the scheduled sales date on a first-come-first-served basis. If a Faculty/Staff member wishes to purchase a reserved space that has already been purchased by a Student, the Faculty/Staff member has priority and the student shall not be allowed to renew the permit. However, if possible, depending on availability, they will be offered another space prior to the scheduled sales date.

8.6 Student parking permits are NOT transferable and are only valid for the location issued during normal Working Hours (7:30 a.m. to 5:00 p.m. Weekdays). If a Student parking permit holder does not park in their applicable area during the normal Working Hours, they will be ticketed and/or towed. From 5:00 p.m. to 7:30 a.m. the following day, and all day on weekends and Statutory Holidays (refer to University Holiday Schedule for dates), the parking permit is valid at other University parking lots on the St. George Campus with the exception of 24-hr reserved spaces.

8.7 In order to avoid a Parking Violation Notice (also referred to as a parking ticket), permits MUST be clearly displayed on the driver’s side dashboard of the vehicle whenever it is parked on campus.

8.8 If a Student wishes to cancel their permit, they must fill out a cancellation form and return it with the permit to the Transportation Services office. An administrative fee applies to all cancellations. In case a permit is cancelled on or after the start of the month, a daily charge is also applicable for the number of days that the permit is valid for.

8.9 Student permits are valid only at the campus where they are issued.

09 Miscellaneous Permits

9.1 Commercial parking permits are available to a limited number of service people and contractors for specified area only. These permits are only supplied when parking is essential in the performance of the work. They are not issued for the convenience of contractors’ staff in transporting them to and from the University. Applications must be signed by an authorized University contact and the required criteria must be met, to the satisfaction of Transportation Services, before any commercial permit is issued. Commercial
parking permits may by purchased by the week or the month. Contractor parking is subject to special regulations, which are available at the Transportation Services office.

9.2 After 4 p.m. parking permits are issued to Faculty, Staff, Students, and Visitors to park in any authorized parking areas Monday to Friday (from 4:00 p.m. to 9:00 a.m. the following day) except for Reserved numbered spaces where parking is permitted only between 5:00 p.m. to 7:30 a.m. the following day) and all day on Saturday, Sunday and Statutory Holidays (refer to University Holiday Schedule for dates). Parking is prohibited in 24-hr reserved spaces.

9.3 Conference permits are available to visitors of the University staying in a residence on campus. They may be purchased by the week or by the month.

9.5 The above permits are sold on a monthly and/or weekly basis with the start date of permit holder’s choice. When cancelled, a per day charge is applicable for the number of days the permit is valid for during the active monthly/weekly period, determined by the permit’s start date.

9.6 Permits for non UofT affiliated personnel are available at the O.I.S.E. parking garage located at 71 Prince Arthur Avenue. These annual parking permits are valid for up to 12 months starting from as early as July 1st to June 30th of the following year. Payment must be made in full when paying by credit card or debit card. Monthly payments may be made by submitting post-dated cheques upon the day of purchase. Parking permits may be cancelled by the permit holder at any time. 10 Pay & Display, Pay-on-Foot & Pay-by-Phone (Whoosh) Parking

10.1 Pay & Display parking is available at various locations throughout the University. Pay & Display receipts are valid only for the location for which they are issued and are non-transferable. Hours of eligibility and rates are posted at Pay & Display machines. For locations and further details, please refer to our website at www.transportation.utoronto.ca. Failure to display a Pay & Display receipt will result in an issuance of a Parking Violation Notice (ticket) and/or a tow of the vehicle at the owner’s expense regardless of a ‘failed’ or out of order Pay & Display machine.

10.2 Pay-on-Foot parking is located at the 107 St. George Street garage. A ticket is obtained at the entrance and payment is required before exiting the garage. Payment can be made at the Autopay station using cash, coin, and credit card before returning to their vehicle or at the exit with a credit card. Failure to produce your original ticket at the time of payment will result in having to purchase a “Lost Ticket”.

If payment is made by credit or debit card, full payment must be made in advance prior to the issuance of the parking permit. Parking permits will only be issued after the applicant’s eligibility has been verified.

APPENDIX I

Parking Safety Tips

The time when many people feel most vulnerable is when they are either leaving or returning to a parked car – particularly at night.

- Always remove the car keys and lock your car.
- Never leave items (i.e. electronic devices such as GPS units, lap-top computers, personal listening devices; personal bags such as purses, gym bags etc.; or any money including change) visible in the car, put them where they cannot be seen – and make sure they do not have your name or address on them. Never leave credit cards in the car.
- Choose your parking spot carefully. Always park in well lit areas, as close as possible to your destination, the parking attendants, the stairs or elevator. Avoid parking on garage levels that are empty or rarely used.
- If you do not know the parking lot well and are worried about its safety, drive right through to see if everything appears normal before you park. If it does not feel right, trust your instincts. Either leave and find somewhere else to park, or drive around until someone you know drives in; then park near them, and leave the lot or garage with them.
- When parking, back your vehicle into the parking stall, so that you are facing “out” whenever you enter or exit your vehicle. This tactic both increases your visibility of the surrounding area and also allows you to drive away more quickly if you are being approached by a stranger.
- Before you leave the car, look around carefully. When you do leave the car, walk briskly and confidently to the exit or elevator. Do not be distracted.
- If you are worried about becoming a target, vary your routine. Park in different spots, at different times. Avoid a predictable schedule.
- If you are driving and parking alone, join a car pool or have someone meet you.
- If you are nervous when returning to your parked car, ask someone you know and trust to accompany you.
- If, on the way to your car, you see that another vehicle has been broken into, call the police right away – do not go to your own car. Tell the police where you are and remain in that location until they arrive. The University of Toronto Police emergency telephone number is 416.978.2222.
- When you are returning to your car, have your keys in your hand – avoid fumbling through your pockets, purse or briefcase in the middle of a deserted lot. Before getting into your car, check inside carefully – especially the back seat. Once inside, lock the doors immediately, and make sure that your purse, briefcase or other valuables are out of sight.
- Know your nearest safe exit route.
- Report intruders to a Parking Control Officer or to the Police.
- You can report the following to the Parking Control Officer: abandoned vehicles or excess trash; broken or burned out lights; broken doors or broken locks; and, missing or damaged signs.
